

# Expandable XL

## Large exhibition trailer with eye catcher effect

With the HMK Bilcon Expandable XL trailer your company will attract attention everywhere. The exterior can be decorated by your choice with your company logo, photos etc. The interior can be designed to fit your target groups and segments in connection with exhibitions and road-shows.

We have designed the trailer with focus on functionality and ease of use. A trained person can make the mobile unit ready within 20 minutes. It is made up of 55 mm glass fiber reinforced polyester panels, which form outer and inner clothing made according to the "sandwich" principle, to achieve great strength and insulation.

## Two stories high

The trailer is two stories high with the possibility to mount a terrasse on the roof. When set up, the pods are easily expanded with a remote control, giving a total of 97 m<sup>2</sup> floor space custom built with eg lounge furniture, shelving, kitchen facilities and much more.

You have the opportunity to lease the Expandable XL trailer through us at an advantageous low interest rate with a fixed monthly fee as we work with Danish and Scandinavian leasing companies.

## Benefits of HMK Bilcon's Expandable XL solution:

- High quality
- Fast setup
- Delivery on time
- Flexible interior design
- Long lifespan
